The purpose of the music at our church is to use music in a way that glorifies God and causes people to draw closer to the Lord. In addition, we are to be aware of the effect our music has in the spiritual realm, causing the powers of darkness to retreat and the power and glory of God to advance. The choirs minister not only at St. John but often accompany the Pastor on church visits.

Youth Choir involves youth ages 13 to 18 years. They learn how to minister with music in the worship services. They minister in the worship service on the fourth Sundays. They usually invite all youth who are not choir members to participate with them on Youth Day.

The Praise Team ministers in all the worship services. The age range varies.

Unified Choirs minister on fifth Sunday and features members from each choir.

Highest Praise Young Adult Choir range from ages 18—35. They minister in the worship service on second Sundays and most Wednesday evening services.

Male Chorus involves males from any of the choirs as well as men who are not choir members. They host the annual Julius Moss Musical featuring Male choruses throughout the city. They minister in the worship services on the third Sundays. They invite all male non-choir members to participate in the Men's Day Worship service.

Sanctuary Choir has no age range and ministering the worship service on the first Sundays. This choir has been in existence since the E. C. Estell era.

The Women's Chorus sings on Women's Day and features any women in the congregation.
